Our Clients

Hear from our clients:

Kristen is an outstanding presenter and engages well with everyone.

She motivates me to be a better leader and since I met her 3 and a half years ago, she has given me the confidence to approach, close and retain clients. She has a wealth of knowledge and can use her real-life experience to further explain her methods. I finished the course more confident than before and felt much better prepared for client engagements and meetings.

Starting our session at 7:30am was a great way to start the day and by finishing at 9:30am, we were able to put what we learnt into practice back at the office straight away. I also enjoyed the ability to discuss our approach to business and clients with other participants and be able to help each other navigate any issues and provide feedback to each other. I won a major new client thanks to Kristen and her program, so I highly recommend Kristen and her programs to everyone. - Belinda Piffli Accountant
